## ACE is

---

**Accounting** – We provide support to all students enrolled in classes offered by the Oklahoma State University School of Accounting.

**Collaborative** – ACE offers a place to study, get directed help, and discuss your work with others. Because ACE is staffed by some of the top students in the accounting program, they're able to provide assistance with coursework as well as advice about course sequencing and more.

**Excellence** – ACE is designed to help you succeed. Whether you're a student who's doing well and only has a quick question or a student who's struggling and needs extra help, ACE is here for you!

“ Being an ACE tutor has been one of the highlights of my time at Oklahoma State. I really enjoy being able to help others understand accounting topics and further my own knowledge at the same time. I have developed a deeper understanding of accounting as a result of teaching others. I love watching the “lightbulb” go off when a student understands a concept. I am very thankful for ACE and the opportunity I have to help others learn accounting. ”

“ ACE has been a place that has helped me develop as a young accounting student, and it has been a place where I have made some of the most rewarding friendships in college. As a student, ACE helped me to gain a better understanding of class material and has helped me be very successful within the accounting program. Furthermore, ACE has allowed me to help younger students gain a better understanding of class material, and it has allowed me to strengthen my own knowledge of various accounting topics. ”
