Dear Friend,

Since 2010 the School of Marketing and International Business has acknowledge the importance of our seniors' achievements by celebrating our students who have been selected by the faculty as outstanding students in marketing and international business. Each of the recipients has gone beyond the traditional college experience of taking courses to voluntarily participate in opportunities that truly broaden their education. Selection to the Orange Book honors those graduating OSU marketing and international business seniors who are academically outstanding, demonstrate service to their departments, university and/or community, or are active in extracurricular, academic or professional activities.

Thirty-six marketing majors, four international business majors, and three marketing and international business double majors have been named to this year's Orange Book. The Orange Book that you hold in your hands showcases these outstanding individuals. It is our expression of appreciation for our students' valuable contributions to the campus and to the community during their undergraduate tenure. This year's honorees are student leaders who have positively impacted the organizations with which they are involved and have represented Oklahoma State University and the Spears School of Business very well.

Our program currently has 1,083 Marketing majors and 77 International Business majors. Selection to the Orange book honors students by recognizing that their excellence reflects positively on the Spears School of Business and Oklahoma State University. We will miss them; we always do, but the OSU family is a tight one – our graduates tend to stay in touch. To learn more about the work of the School of Marketing and International Business, visit <https://business.okstate.edu/marketing>.

Warm Regards,

Tom J. Brown,

Brooklyn is pursuing a degree in international business. As she has progressed in her studies at Oklahoma academics have always been her top priority. Oklahoma State offers a competitive business program that she believes will exceptionally prepare her for her future goals and feels extremely fortunate to be able to study at a university that feels like home and nourishes her aspirations! Last year, she served as the Academic Chairman of her sorority and was grateful for the opportunity to instill the importance of academic success in each and every member. She finds her greatest joy in serving others and in achieving personal academic achievement- both of which would not be possible without the generous support from her professors, staff and peers at Oklahoma State.
